The only thing uniform about this collection
is your brand.

MORE REASONS TO FIT YOU.

LARGEST SELECTION

More colors. More styles. More options to fit your budget.

NO RISK EMBROIDERY

Never a shortage, mistake or damage to the garment prior to shipping.

DIRECT ON-TIME SHIPPING

Order status, shipment notifications, and tracking details to keep you in the loop.

CUSTOM AND DECORATION

Orders big and small, we offer a variety of placement options for custom garment modifications and decoration, ensuring expert craftsmanship and quick turnarounds.

LONGEVITY OF PRODUCTS

Our products stay in our line and on our shelves for the duration of your uniform program.

From inseams to in-budget, we make apparel that suits your needs.

RIGHT
ATTIRE
FOR
EVERY
HIRE.

REDWOOD
& ROSS®
SUITING
COLLECTIONS

Redwood & Ross® – An exclusive brand and part of our heritage since 1950. One look is all it takes to appreciate the rich, custom fabrics and tailored refinements that elevate and distinguish Redwood & Ross®. For good reason, we’ve stayed true to our heritage of providing premium, sophisticated garments to discerning clients.

POWER LINE

Redwood & Ross® Suiting with **RUSSEL** fabric offers a tailored fit, luxury, washable fabric and comfort stretch.

MAIN LINE

The new Redwood & Ross® Suiting with **SIGNATURE** fabric offers a tailored and traditional fit and has natural stretch.

LIFE LINE

Redwood & Ross® Suiting with **SYNERGY** fabric offers a traditional fit, twill weave with natural stretch, and is fully washable.

FINE LINE

Redwood & Ross® Suiting with washable **INTAGLIO** fabric is traditional cut with a light microfiber crosshatch weave.

KNOW HOW TO
MAKE AN ENTRANCE.

A photograph of four models (two men and two women) standing in a row against a light blue, textured wall. They are all wearing business-casual clothing in a color palette of beige, navy blue, and light blue. The man on the far left is wearing a beige suit jacket over a dark blue button-down shirt and matching beige trousers. The woman next to him is wearing a beige blazer over a light blue shirt, a patterned necklace, and a beige skirt. The man in the center is wearing a navy blue vest over a light blue polo shirt and beige shorts. The woman on the far right is wearing a beige blazer over a white top, a dark blue tie belt, and beige trousers. They are all smiling and looking in various directions. The floor is a light-colored, polished concrete.

Add height and width of design and divide by 2 to obtain inch size. Pricing includes patch and heat seal application. Designs over 7 colors add \$.30 per additional color. Add \$.50 per color for metallic threads. Applications not suitable for all styles. Vector files (.EPS, .AI, and .PDF) have a color match fee of \$60.00 unless the files are submitted in CMYK; \$100.00 minimum per design modification for raster files (.JPG, .GIF, .PNG, .TIF, .SVG, and .PSD). Virtual proofs can be emailed at no charge.

HOW TO MEASURE

Our garments are cut to accommodate active working conditions. Here's how to get the correct size and ensure a comfortable fit.

LADIES'

Be sure to measure your body. Do not measure over shirts or slacks. Hold tape measure close but not tight against the body.

BUST

Measure across fullest part of bust/chest keeping arms relaxed at sides. Keep tape measure straight and parallel to the floor.

WAIST

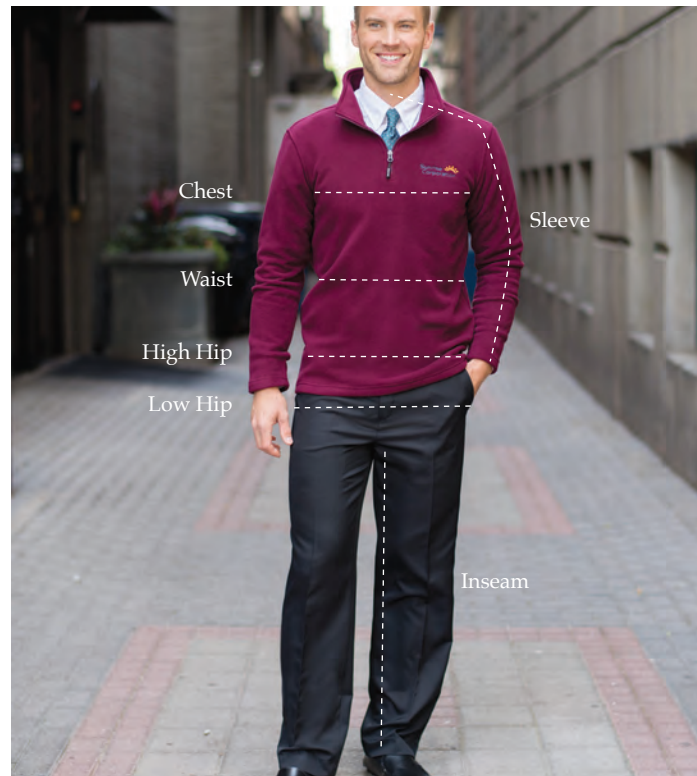

Measure at your natural waistline at its smallest part.

LOW HIP

Measure the widest point of your hip, approximately 8" below your natural waist.

HIGH HIP

Measure the protruding points of your hip bones, approximately 3" below your natural waist.

MEN

For men, as a general rule, the number of inches measured will equal your size, when measured correctly. Be sure to measure your body. Do not measure over shirts or slacks.

NECK

Measure around base of neck (lowest part). Number of inches equals neck size.

SLEEVE LENGTH

Start from the center of the back of neck and measure across the shoulder to the elbow and down the wrist.

CHEST

With arms at sides, measure across fullest part of the chest, under arms and across shoulder blades. Keep tape measure straight across back.

WAIST

Measure your natural waist at the height you normally wear your pants. Keep the tape measure firm but not tight.

INSEAM

Measure the inside of your leg from crotch down to the top of the shoe. Or, measure a similar style of pants that fit well. Measure from the crotch seam to the hem.

LOW HIP

Measure the widest point of your hip, approximately 8" below your natural waist.

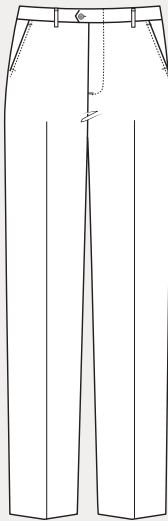

FIND YOUR FIT

Our garments are cut to three standard fits for more uniform sizing. See individual product descriptions.

SLIM

Modern silhouette with a slim cut to fit close to the body and chest, narrow sleeves, tapered through the waist

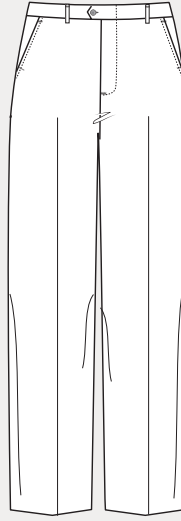

Sits below waist, closest fit to body, tapered through hip, seat and thigh, straight or tapered leg opening and flat front

TAILORED

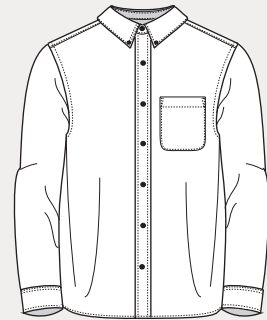

Classic silhouette with a trim cut through the body and chest, trim sleeves

Sits slightly below waist, fitted through hip, seat and thigh, straight or tapered leg opening and flat front

TRADITIONAL

Full silhouette with a generous cut and more room in the body, chest, waist and sleeves

Sits at waist or slightly below the waist, relaxed through hip, seat and thigh, straight leg opening, pleated and flat front

MEN'S SIZE SCALE GUIDE

Scale guides refer to body measurements.

When using size scales, please refer to catalog product pages for the sizes offered in the style you are purchasing.

TERMINOLOGY

 **Tuff-Pil® Plus High-Tech Acrylic** fibers used for uniform ready sweater apparel offer low-pil performance, colorfast and durability. The garment is designed to last 30–50 home wash cycles.

 **Moisture Wicking** fabric draws moisture away from your skin transferring it to the outer surface keeping you cool, dry and comfortable.

 **Soil Release** finish provides for easy care with recommended soil treatment. The release allows stains to be removed more easily during laundering.

Stain Release finish wicks away moisture, helps most stains come out in the wash, and leaves the fabric soft and breathable.

No-Iron fabric is specially treated to prevent wrinkles and the taped seams are fused to keep the shirt crisp and wrinkle free.

 **Wrinkle Resistant** fabric is treated to resist wrinkles and the garment holds its shape with multiple washes.

UV Protected means more fun, less sun. The dry-mesh fabrics block harmful UV rays with up to a UPF 50 factor.

 **Natural Stretch/Comfort Stretch** fabric is engineered to provide natural stretch, flexibility and comfort.

 **Repreve®** fiber contains recycled materials – including plastic bottles. When you see this symbol on the tag, remember: It's what's in it that makes it recycled. With Repreve®, you can be sure you're creating a reprieve for the planet.

 **Home Launder/Machine Washable** is a product designed to be washed in small-batch, mild temperature conditions typical of home machine washers. The garment is designed to last 30–50 wash cycles or more.

 **Industrial Launder** is a product designed to withstand the large-batch wash/dry/press and high temperature conditions prevalent in industrial and commercial laundries. The garment is designed to last 50+ wash cycles. Bleach and other chemicals are generally not recommended. Customers should test product before using it in environments with chemicals and/or very high temperatures before deciding to use.

 **Tuff-Tested®** garments have passed testing in the field to last week after week in any light work environment. To achieve this resilience, the right fabrics, trims and finishes are selected to enhance the life of the garment. These garments are designed to last 50+ wash cycles and to withstand the large-batch wash/dry/press and high temperature conditions of industrial laundry.

 **Snag-Proof** garments resist snags wear after wear. Don't believe it? Try a wire brush!

 **FASHION** is one that has been created with current trends and fashion in mind. These fashionable styles will stay in the catalog for a minimum of 5 catalog years.

 **Water Resistant** garments are coated with DWR (Durable Water Repellent) finish that lets water bead up and roll off.

 **Waterproof** garments keep you dry with DWR (Durable Water Repellent) finish and a fully seam-sealed interior.

We are proud to be a member of Sustainable Apparel Coalition (SAC), a group of over 200 global brands and retailers committed to improving supply chain sustainability in the apparel and textile industries. As part of our participation with SAC, we are committed

to promote and monitor social compliance and to implement sustainability measurement tools like the Higg index to drive environmental and social responsibility in our supply chain.

Worldwide Responsible Apparel (WRAP) An independent, objective team of global social compliance experts dedicated to promoting safe, lawful, humane, and ethical manufacturing around the world through certification and education. Certified factories undergo regular checks on work conditions, adherence to social compliance standards and the execution of manufacturing in a safe, humane and respectful environment for employees.

OEKO-TEX® A worldwide, independent testing and certification system for textile products that contributes to ensuring high and effective product safety levels. Certified mills undergo extensive product checks and regular on-site visits to monitor sustainable awareness of the responsible use of chemicals and adherence to test criteria and limit values that in many cases are more strict than applicable local and international standards.

OUR QUALITY COMMITMENT

At Edwards, before the label goes onto our apparel, quality and workmanship go into making it. The result is professional apparel that's stylish, flattering in its fit and appearance, and so reliably durable that it gives new meaning to wash and wear, and wear and wear. We know as well as anyone that what your employees wear is a reflection of your brand and you expect *clothes that work*, so we use quality fabrics, trims and finishes that enhance the life of the garment.

Edwards confidently stands behind every garment we make. If for any reason we fail to live up to your expectations, we will do whatever we can to make things right. It's no wonder Edwards is the dominant brand extensively used in major industries ranging from hotels and restaurants to casinos, healthcare and countless others in-between. You see, every day for over 50 years, millions of people have gone to work wearing Edwards.
